May 2, 2016

Mr. Ken Larking, City Manager
City of Danville
P.O. Box 3300
Danville, Virginia 24543

Dear Mr. Larking:

In accordance with §62.1-44.15:27 G of the Virginia Stormwater Management Act (Act), the Department of Environmental Quality (DEQ) has completed the review of the City of Danville's final Virginia Stormwater Management Program (VSMP) application package submitted on December 23, 2015. Based on this review, DEQ has determined that the City of Danville's VSMP is fully consistent with the Act, the VSMP regulation and the General VPDES Permit for Discharges of Stormwater from Construction Activities.

In light of this determination, DEQ herein grants final approval of the City's VSMP and the City is authorized to continue to operate its VSMP, which was adopted on July 1, 2014. Please note that this approval is based on the content of the application package. Any changes made to the documents in the package after the approval date, including changes to the adopted ordinance, may necessitate DEQ evaluation as part of its compliance review of your approved VSMP.

Thank you for your cooperation in developing a VSMP. We look forward to continuing to assist the City with the implementation of its VSMP.

Sincerely,

A handwritten signature in black ink, appearing to read "David K. Paylor".

David K. Paylor
